## THE PEARL BEYOND PRICE

**Bruckless Co. Donegal 10:00 - 17:00**  
**55 €**

The Personal Essence, the Pearl Beyond Price, has to do with being a human being and still being a precious piece of the Divine.

This day is dedicated to exploring how we can live in this world with a physical body, a heart, a mind, relationships, work etc. and still realise our divine nature. To be able to give birth to our Pearl, we must expand beyond the limitations of our false pearl we have created to fit into the rules of our families and communities.

For this first step into a beautiful adventure we will use the Enneagram Map.

Reconnecting with our individual preciousness is very heart-opening, soul-nourishing, warm, loving and juicy. Let's celebrate this!
